

CITATION REPORT

List of articles citing

Low glycaemic index diets and blood lipids: a systematic review and meta-analysis of randomised controlled trials

DOI: 10.1016/j.numecd.2012.06.002

Nutrition, Metabolism and Cardiovascular Diseases, 2013, 23, 1-10.

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
102	Glycaemic index in chronic disease. 2013 , 12, 117-125		0
101	Long-term effects of low glycemic index/load vs. high glycemic index/load diets on parameters of obesity and obesity-associated risks: a systematic review and meta-analysis. <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2013 , 23, 699-706	4.5	164
100	Effect of diets differing in glycemic index and glycemic load on cardiovascular risk factors: review of randomized controlled-feeding trials. 2013 , 5, 1071-80		39
99	Effects of high vs low glycemic index of dietary carbohydrate on cardiovascular disease risk factors and insulin sensitivity: the OmniCarb randomized clinical trial. 2014 , 312, 2531-41		134
98	Glycaemic index: did Health Canada get it wrong? Position from the International Carbohydrate Quality Consortium (ICQC). 2014 , 111, 380-2		9
97	Glycemic index: is it a predictor of metabolic and vascular disorders?. 2014 , 17, 373-8		7
96	The results of Look AHEAD do not row against the implementation of lifestyle changes in patients with type 2 diabetes. <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2014 , 24, 4-9	4.5	5
95	Moderne Ern�rungskonzepte bei Typ-2-Diabetes. 2014 , 10, 115-121		
94	The role of glycemic index and glycemic load in cardiovascular disease and its risk factors: a review of the recent literature. 2014 , 16, 381		53
93	Glycaemic index and glycaemic load in diabetes. 2015 , 41-49		
92	Effects of low glycaemic index/low glycaemic load vs. high glycaemic index/ high glycaemic load diets on overweight/obesity and associated risk factors in children and adolescents: a systematic review and meta-analysis. 2015 , 14, 87		40
91	Glycemic index, glycemic load and glycemic response: An International Scientific Consensus Summit from the International Carbohydrate Quality Consortium (ICQC). <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2015 , 25, 795-815	4.5	309
90	Nutritional strategy to prevent fatty liver and insulin resistance independent of obesity by reducing glucose-dependent insulinotropic polypeptide responses in mice. 2015 , 58, 374-83		27
89	Effect of chemotherapy on dietary glycemic index and load in patients with breast cancer and their relationships to body fat and phase angle. 2015 , 67, 587-93		1
88	Epidemiology: disease associations and modulators of HDL-related biomarkers. 2015 , 224, 259-83		4
87	Food Consumption and its Impact on Cardiovascular Disease: Importance of Solutions Focused on the Globalized Food System: A Report From the Workshop Convened by the World Heart Federation. 2015 , 66, 1590-1614		255
86	Position of the Academy of Nutrition and Dietetics: Health Implications of Dietary Fiber. 2015 , 115, 1861-70		216

85	Dietary glycaemic index and glycaemic load in a rural elderly population (60-74 years of age) and their relationship with cardiovascular risk factors. 2015 , 54, 523-34	8
84	Effect of type and amount of dietary carbohydrate on biomarkers of glucose homeostasis and C reactive protein in overweight or obese adults: results from the OmniCarb trial. 2016 , 4, e000276	6
