

# CITATION REPORT

List of articles citing

**RTOG 0529: a phase 2 evaluation of dose-painted intensity modulated radiation therapy in combination with 5-fluorouracil and mitomycin-C for the reduction of acute morbidity in carcinoma of the anal canal**

**DOI: 10.1016/j.ijrobp.2012.09.023**

**International Journal of Radiation Oncology Biology Physics, 2013, 86, 27-33.**

**Source:** <https://exaly.com/paper-pdf/55719579/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
