

CITATION REPORT

List of articles citing

Toxic effects of repeated oral exposure of silver nanoparticles on small intestine mucosa of mice

DOI: 10.3109/15376516.2013.764950

Toxicology Mechanisms and Methods, 2013, 23, 161-7.

Source: <https://exaly.com/paper-pdf/55796430/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
