

# CITATION REPORT

List of articles citing

## Cohort Profile: the Avon Longitudinal Study of Parents and Children: ALSPAC mothers cohort

DOI: 10.1093/ije/dys066

International Journal of Epidemiology, 2013, 42, 97-110.

**Source:** <https://exaly.com/paper-pdf/56195409/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1724	Genetic variation in the 15q25 nicotinic acetylcholine receptor gene cluster (CHRNA5-CHRNA3-CHRNA4) interacts with maternal self-reported smoking status during pregnancy to influence birth weight. <b>2012</b> , 21, 5344-58		50
1723	Associations of existing diabetes, gestational diabetes, and glycosuria with offspring IQ and educational attainment: the Avon Longitudinal Study of Parents and Children. <b>2012</b> , 2012, 963735		65
1722	The role of longitudinal cohort studies in epigenetic epidemiology: challenges and opportunities. <b>2012</b> , 13, 246		49
1721	Irritable oppositional defiance and callous unemotional traits: is the association partially explained by peer victimization?. <b>2012</b> , 53, 1167-75		53
1720	Maternal and offspring fasting glucose and type 2 diabetes-associated genetic variants and cognitive function at age 8: a Mendelian randomization study in the Avon Longitudinal Study of Parents and Children. <b>2012</b> , 13, 90		19
1719	From promises to practical strategies in epigenetic epidemiology. <b>2013</b> , 14, 585-94		270
1718	Maternal 25-hydroxyvitamin D and its association with childhood atopic outcomes and lung function. <b>2013</b> , 43, 1180-8		53
1717	Gestational weight gain as a risk factor for hypertensive disorders of pregnancy. <b>2013</b> , 209, 327.e1-17		94
1716	Growth and metabolic outcome in adolescents born preterm (GROWMORE): follow-up protocol for the Newcastle Preterm Birth Growth study (PTBGS). <b>2013</b> , 13, 213		2
1715	Nine loci for ocular axial length identified through genome-wide association studies, including shared loci with refractive error. <b>2013</b> , 93, 264-77		116
1714	Gender differences in the relationship between social communication and emotion recognition. <b>2013</b> , 52, 1148-1157.e2		35
1713	Developmental continuity of oppositional defiant disorder subdimensions at ages 8, 10, and 13 years and their distinct psychiatric outcomes at age 16 years. <b>2013</b> , 52, 961-9		80
