

CITATION REPORT

List of articles citing

Evolution from acute Q fever to endocarditis is associated with underlying valvulopathy and age and can be prevented by prolonged antibiotic treatment

DOI: 10.1093/cid/cit419

Clinical Infectious Diseases, 2013, 57, 836-44.

Source: <https://exaly.com/paper-pdf/56389925/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
