

CITATION REPORT

List of articles citing

Causes of death and influencing factors in patients with atrial fibrillation: a competing-risk analysis from the randomized evaluation of long-term anticoagulant therapy study

DOI: 10.1161/circulationaha.112.000491
Circulation, 2013, 128, 2192-201.

Source: <https://exaly.com/paper-pdf/56412448/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
