

# CITATION REPORT

List of articles citing

Association of physical activity and heart failure with preserved vs. reduced ejection fraction in the elderly: the Framingham Heart Study

DOI: 10.1093/eurjhf/hft025

European Journal of Heart Failure, 2013, 15, 742-6.

**Source:** <https://exaly.com/paper-pdf/56601970/citation-report.pdf>

**Version:** 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
