

CITATION REPORT

List of articles citing

An examination of historical air pollutant emissions from us petroleum refineries

DOI: 10.1002/ep.11713

Environmental Progress and Sustainable Energy, 2013, 32, 425-432.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
