Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
255	Learning from negative feedback in patients with major depressive disorder is attenuated by SSRI antidepressants. 2013 , 7, 67		43
254	Association of alcohol use biomarkers and cognitive performance in veterans with problematic alcohol use and posttraumatic stress disorder: data from the mind your heart study. 2014 , 33, 67-76		2
253	Major depressive disorder and cognitive impairment. 2014 , 39, E36-7		4
252	Modelling cognitive affective biases in major depressive disorder using rodents. 2014 , 171, 4524-38		77
251	Chronic light deprivation inhibits appetitive associative learning induced by ethanol and its respective c-Fos and pCREB expression. 2014 , 17, 1815-30		7
250	Increasing pharmacological knowledge about human neurological and psychiatric disorders through functional neuroimaging and its application in drug discovery. 2014 , 14, 54-61		35
249	What does cognitive control feel like? Effective and ineffective cognitive control is associated with divergent phenomenology. 2015 , 52, 1205-17		23
248	Experimental Medicine in Psychiatry New Approaches in Schizophrenia, Depression and Cognition. <i>Current Topics in Behavioral Neurosciences</i> , 2016 , 28, 475-97	3.4	2
247	Cognitive control, reward-related decision making and outcomes of late-life depression treated with an antidepressant. <i>Psychological Medicine</i> , 2015 , 45, 3111-20	6.9	23
246	Affective Biases in Humans and Animals. <i>Current Topics in Behavioral Neurosciences</i> , 2016 , 263	3.4	16
245	Mood disorders: neurocognitive models. 2015 , 17 Suppl 2, 3-20		43
244	Case report: Is verbal cognitive performance in bilingual neuropsychiatric patients test-language dependent?. 2015 , 4, 208-17		1
243	The neurocognitive profile of mood disorders - a review of the evidence and methodological issues. 2015 , 17 Suppl 2, 21-40		76
242	Editorial: cognitive dysfunction in major depressive disorder - pathophysiology, clinical implications and treatment opportunities). 2014 , 13, 1637-9		2
241	Impact of pharmacological and psychological treatment methods of depressive and anxiety disorders on cognitive functioning. 2015 , 122 Suppl 1, S101-10		10
240	The Benefits of Doubt: Cognitive Bias Correction Reduces Hasty Decision-Making in Schizophrenia. 2015 , 39, 627-635		10
239	Evidence-based guidelines for treating depressive disorders with antidepressants: A revision of the 2008 British Association for Psychopharmacology guidelines. 2015 , 29, 459-525		381

238	The prevalence, measurement, and treatment of the cognitive dimension/domain in major depressive disorder. 2015 , 29, 577-89		77
237	Dominios cognitivos en la depresi3n unipolar. Teor3as multimodales y nuevas perspectivas terap3uticas. 2015 , 22, 33-38		2
236	Neurodevelopment and ages of onset in depressive disorders. 2015 , 2, 1112-6		25
235	Effects of acute transcranial direct current stimulation in hot and cold working memory tasks in healthy and depressed subjects. 2015 , 591, 126-131		44
234	Transcranial Direct Current Stimulation of Dorsolateral Prefrontal Cortex of Major Depression: Improving Visual Working Memory, Reducing Depressive Symptoms. 2015 , 2, 37-49		22
