CITATION REPORT List of articles citing

Five-year change in intraocular pressure associated with changes in arterial blood pressure and body mass index. The beijing eye study

DOI: 10.1371/journal.pone.0077180 PLoS ONE, 2013, 8, e77180.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
