

CITATION REPORT

List of articles citing

pE-DB: a database of structural ensembles of intrinsically disordered and of unfolded proteins

DOI: 10.1093/nar/gkt960

Nucleic Acids Research, 2014, 42, D326-35.

Source: <https://exaly.com/paper-pdf/57766372/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

21 Conclusion. **2017**, 225

20 Sequence fingerprints distinguish erroneous from correct predictions of Intrinsically Disordered Protein Regions.

19 Conformation of disordered peptides modulated by distributions of charged residues: Case study of random peptides composed of arginines and aspartic acids. *Wuli Xuebao/Acta Physica Sinica*, **2018**, 67, 058701 0.6 1

18 Ensembles from ordered and disordered proteins reveal similar structural constraints during evolution.

17 Druggability of Intrinsically Disordered Proteins and Their Virtual Screening Strategy. **2019**,

16 Cancer-Associated Mutations Perturb the Structure and Interactions of the Intrinsically Disordered p53 Transactivation Domain.

15 Distance-based metrics for comparing conformational ensembles of intrinsically disordered proteins.

14 Intrinsically disordered protein ensembles shape evolutionary rates revealing conformational patterns.

13 Modulation of p53 Transactivation Domain Conformations by Ligand Binding and Cancer-Associated Mutations. *Pacific Symposium on Biocomputing Pacific Symposium on Biocomputing*, **2020**, 25, 195-206 1.3 4

12 Methods for recombinant production and purification of intrinsically disordered proteins. **2022**, 41-48

11 Dynamic conformational flexibility and molecular interactions of intrinsically disordered proteins. *Journal of Biosciences*, **2020**, 45, 2.3 1

10 Systematic identification of conditionally folded intrinsically disordered regions by AlphaFold2. 7

9 Data_Sheet_1.PDF. **2019**,
