

CITATION REPORT

List of articles citing

Evidence linking oxidative stress, mitochondrial dysfunction, and inflammation in the brain of individuals with autism

DOI: 10.3389/fphys.2014.00150
Frontiers in Physiology, 2014, 5, 150.

Source: <https://exaly.com/paper-pdf/57871478/citation-report.pdf>

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
