

CITATION REPORT

List of articles citing

Performance of RC Slab-Type Elements Strengthened with Fabric-Reinforced Cementitious-Matrix Composites

DOI: 10.1061/(asce)cc.1943-5614.0000415
Journal of Composites for Construction, 2014, 18, .

Source: <https://exaly.com/paper-pdf/57948687/citation-report.pdf>

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
