

# CITATION REPORT

List of articles citing

When tonic cardiac vagal tone predicts changes in phasic vagal tone: the role of fear and perceptual load

DOI: 10.1111/psyp.12186

Psychophysiology, 2014, 51, 419-26.

**Source:** <https://exaly.com/paper-pdf/58338193/citation-report.pdf>

**Version:** 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
