

CITATION REPORT

List of articles citing

Patient-centred pharmaceutical design to improve acceptability of medicines: similarities and differences in paediatric and geriatric populations

DOI: 10.1007/s40265-014-0297-2
Drugs, 2014, 74, 1871-1889.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
150	In situ coating makes it easier for children to swallow and tolerate tablets and capsules. 2015 , 104, 956-61		11
149	Formulation factors affecting acceptability of oral medicines in children. <i>International Journal of Pharmaceutics</i> , 2015 , 492, 341-3	6.5	34
148	Orally disintegrating films and mini-tablets-innovative dosage forms of choice for pediatric use. 2015 , 16, 234-41		65
147	Formulation approaches to pediatric oral drug delivery: benefits and limitations of current platforms. <i>Expert Opinion on Drug Delivery</i> , 2015 , 12, 1727-40	8	131
146	3D Printing of Medicines: Engineering Novel Oral Devices with Unique Design and Drug Release Characteristics. 2015 , 12, 4077-84		314
145	Fused-filament 3D printing of drug products: Microstructure analysis and drug release characteristics of PVA-based caplets. <i>International Journal of Pharmaceutics</i> , 2016 , 514, 290-295	6.5	149
144	Safe and effective pharmacotherapy in infants and preschool children: importance of formulation aspects. 2016 , 101, 662-9		35
143	A Randomized Controlled Comparison of Esophageal Clearance Times of Oral Budesonide Preparations. 2016 , 61, 1582-90		11
142	Conversion of sustained release omeprazole loaded buccal films into fast dissolving strips using supercritical carbon dioxide (scCO ₂) processing, for potential paediatric drug delivery. 2016 , 93, 45-55		6
141	CombiCap: A novel drug formulation for the basel phenotyping cocktail. <i>International Journal of Pharmaceutics</i> , 2016 , 512, 253-261	6.5	5
140	Development of a novel oral delivery system of edaravone for enhancing bioavailability. <i>International Journal of Pharmaceutics</i> , 2016 , 515, 490-500	6.5	26
139	Bioavailability, safety, and pharmacodynamics of delayed-release dexlansoprazole administered as two 30 mg orally disintegrating tablets or one 60 mg capsule. 2016 , 9, 770-780		1
138	Towards the development of a paediatric biopharmaceutics classification system: Results of a survey of experts. <i>International Journal of Pharmaceutics</i> , 2016 , 511, 1151-7	6.5	13
137	Acceptability of oral solid medicines in older adults with and without dysphagia: A nested pilot validation questionnaire based observational study. <i>International Journal of Pharmaceutics</i> , 2016 , 512, 374-381	6.5	56
136	Regulatory incentives to ensure better medicines for older people: From ICH E7 to the EMA reflection paper on quality aspects. <i>International Journal of Pharmaceutics</i> , 2016 , 512, 343-351	6.5	20
135	Functional physico-chemical, ex vivo permeation and cell viability characterization of omeprazole loaded buccal films for paediatric drug delivery. <i>International Journal of Pharmaceutics</i> , 2016 , 500, 217-26	6.5	23
134	Pharmaceutical strategies towards optimising polypharmacy in older people. <i>International Journal of Pharmaceutics</i> , 2016 , 512, 360-365	6.5	14

133	Buccal Dosage Forms: General Considerations for Pediatric Patients. 2017 , 18, 273-282	17
132	Reflection on the Pharmaceutical Formulation Challenges Associated with a Paediatric Investigation Plan for an Off-Patent Drug. 2017 , 18, 250-256	12
131	Visualization and Non-Destructive Quantification of Inkjet-Printed Pharmaceuticals on Different Substrates Using Raman Spectroscopy and Raman Chemical Imaging. 2017 , 34, 1023-1036	28
130	Micropellets coated with Kollicoat Smartseal 30D for taste masking in liquid oral dosage forms. 2017 , 43, 1548-1556	5
129	Oral Teicoplanin as an Alternative First-Line Regimen in Clostridium difficile Infection in Elderly Patients: A Case Series. 2017 , 37, 699-703	6
128	Patient-centered drug delivery and its potential applications for unmet medical needs. 2017 , 8, 775-790	7
127	Drug Delivery Innovations to Address Global Health Challenges for Pediatric and Geriatric Populations (Through Improvements in Patient Compliance). 2017 , 106, 3188-3198	20
126	Recommended strategies for the oral administration of paediatric medicines with food and drinks in the context of their biopharmaceutical properties: a review. 2017 , 69, 384-397	19
125	Standardized method to assess medicines' acceptability: focus on paediatric population. 2017 , 69, 406-416	23
124	Paediatric Drug Development and Formulation Design-a European Perspective. 2017 , 18, 241-249	37
123	European Paediatric Formulation Initiative (EuPFI)-Formulating Ideas for Better Medicines for Children. 2017 , 18, 257-262	23
122	Advances in iron chelation therapy: transitioning to a new oral formulation. 2017 , 6, 212502	12
121	Clinical efficacy and safety of a new 1000-mg suspension versus twice-daily 500-mg tablets of MPFF in patients with symptomatic chronic venous disorders: a randomized controlled trial. 2017 , 36, 402-409	9
120	Dosage form modification and oral drug delivery in older people. 2018 , 135, 75-84	35
119	Transitioning Patients With Iron Overload From Exjade to Jadenu. 2018 , 41, 171-175	1
118	An instant pudding-like gel formulation for the delivery of oral medicines to patients with swallowing difficulties. <i>International Journal of Pharmaceutics</i> , 2018 , 536, 498-499	6.5
117	Polymer adhesion predictions for oral dosage forms to enhance drug administration safety. Part 1: In vitro approach using particle interaction methods. 2018 , 165, 9-17	10
116	Methodologies for assessing the acceptability of oral formulations among children and older adults: a systematic review. <i>Drug Discovery Today</i> , 2018 , 23, 830-847	8.8 22

115	Unintended consequences for patients of future personalized pharmacoprinting. 2018 , 40, 321-324		15
114	Oral delivery of siRNA lipid nanoparticles: Fate in the GI tract. 2018 , 8, 2178		50
113	The Relative Bioavailability of Ibuprofen After Administration With a Novel Soft Chewable Drug Formulation. <i>Clinical Pharmacology in Drug Development</i> , 2018 , 7, 168-176	2.3	2
