

# CITATION REPORT

List of articles citing

MicroRNA expression in circulating microvesicles predicts cardiovascular events in patients with coronary artery disease

DOI: 10.1161/jaha.114.001249

Journal of the American Heart Association, 2014, 3, e001249.

**Source:** <https://exaly.com/paper-pdf/58468954/citation-report.pdf>

**Version:** 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
