Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
507	The incidence of other gastroenterological disease following diagnosis of irritable bowel syndrome in the UK: a cohort study. 2014 , 9, e106478		27
506	The Expression of Serum Antibodies Against Gonadotropin-releasing Hormone (GnRH1), Progonadoliberein-2, Luteinizing Hormone (LH), and Related Receptors in Patients with Gastrointestinal Dysfunction or Diabetes Mellitus. 2014 , 8, 45-50		7
505	A mixed methods feasibility study to evaluate the use of a low-intensity, nurse-delivered cognitive behavioural therapy for the treatment of irritable bowel syndrome. 2014 , 4, e005262		5
504	Review article: the economic impact of the irritable bowel syndrome. 2014 , 40, 1023-34		231
503	Letter: Persisting clinical symptoms in microscopic colitis in remission. 2014 , 40, 117-8		2
502	Structural and functional consequences of buserelin-induced enteric neuropathy in rat. 2014 , 14, 209		12
501	Irritable bowel syndrome: a microbiome-gut-brain axis disorder?. 2014 , 20, 14105-25		195
500	Effects of NB001 and gabapentin on irritable bowel syndrome-induced behavioral anxiety and spontaneous pain. 2014 , 7, 47		55
499	Cluster belly: a variant of irritable bowel syndrome. 2014 , 54, 1644-6		2
498	Common GI Drug Interactions in the Elderly. 2014 , 12, 292-309		5
497	The relationship between irritable bowel syndrome and psychiatric disorders: from molecular changes to clinical manifestations. 2014 , 2, 4		97
496	Effect of the probiotic strain Bifidobacterium animalis subsp. lactis, BB-12 [®] , on defecation frequency in healthy subjects with low defecation frequency and abdominal discomfort: a randomised, double-blind, placebo-controlled, parallel-group trial. 2015 , 114, 1638-46		42
495	Reduction of butyrate- and methane-producing microorganisms in patients with Irritable Bowel Syndrome. 2015 , 5, 12693		173
494	Adrenergic stimulation sensitizes TRPV1 through upregulation of cystathionine β -synthetase in a rat model of visceral hypersensitivity. 2015 , 5, 16109		19
493	Bodily distress syndrome: A new diagnosis for functional disorders in primary care?. 2015 , 16, 180		48
492	Blastocystis specific serum immunoglobulin in patients with irritable bowel syndrome (IBS) versus healthy controls. 2015 , 8, 453		10
491	Postinfectious irritable bowel syndrome after travelers' diarrhea--a cohort study. 2015 , 27, 1147-55		7

490 Examining the role of probiotics in the hospital setting. **2015**, 13, 42-49

489 Managing the symptoms of irritable bowel syndrome. **2015**, 13, 230-234

488 A Review of Select Centralized Pain Syndromes: Relationship With Childhood Sexual Abuse, Opiate Prescribing, and Treatment Implications for the Primary Care Physician. **2015**, 2, 2333392814567920 4

487 Abnormal regional homogeneity in patients with irritable bowel syndrome: A resting-state functional MRI study. **2015**, 27, 1796-803 27

486 Alcohol Use Disorder Increases the Risk of Irritable Bowel Disease: A Nationwide Retrospective Cohort Study. **2015**, 94, e2334 7

485 Systematic review with meta-analysis: the prevalence of bile acid malabsorption in the irritable bowel syndrome with diarrhoea. **2015**, 42, 3-11 111

484 Hereditary angioedema presenting as irritable bowel syndrome: a case of early closure. **2015**, 5, 29114 1

483 Determination of rifaximin treatment period according to lactulose breath test values in nonconstipated irritable bowel syndrome subjects. **2015**, 30, 757-62 13

482 Food allergy in irritable bowel syndrome: The case of non-celiac wheat sensitivity. **2015**, 21, 7089-109 34

481 The prognosis of bodily distress syndrome: a cohort study in primary care. **2015**, 37, 560-6 22

480 Early inflammatory damage to intestinal neurons occurs via inducible nitric oxide synthase. **2015**, 75, 40-52 27

479 Causes of death in people with coeliac disease in England compared with the general population: a competing risk analysis. **2015**, 64, 1220-6 39

478 Epidemiology of irritable bowel syndrome in the former communist countries from Eastern Europe: a systematic review. **2015**, 88, 146-51 7

477 Risk of cancer in patients with irritable bowel syndrome: a nationwide population-based study. **2015**, 25, 924-8 7

476 Involvement of protein kinase $\text{C}\alpha$ in the maintenance of hippocampal long-term potentiation in rats with chronic visceral hypersensitivity. **2015**, 113, 3047-55 15

475 Therapeutic strategies for functional dyspepsia and irritable bowel syndrome based on pathophysiology. **2015**, 50, 601-13 45

474 Hypnotherapy for irritable bowel syndrome: an audit of one thousand adult patients. **2015**, 41, 844-55 55

473 Current and emerging drug options in the treatment of diarrhea predominant irritable bowel syndrome. **2015**, 16, 2781-92 6
