

CITATION REPORT

List of articles citing

Disorganization of the retinal inner layers as a predictor of visual acuity in eyes with center-involved diabetic macular edema

DOI: 10.1001/jamaophthalmol.2014.2350
JAMA Ophthalmology, 2014, 132, 1309-16.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
