

CITATION REPORT

List of articles citing

Atypical subtrochanteric and diaphyseal femoral fractures: second report of a task force of the American Society for Bone and Mineral Research

DOI: 10.1002/jbmr.1998

Journal of Bone and Mineral Research, 2014, 29, 1-23.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
