

# CITATION REPORT

List of articles citing

Evaluating the effect of persistence on long-term trends and analyzing step changes in streamflows of the continental United States

DOI: 10.1016/j.jhydrol.2014.05.002  
Journal of Hydrology, 2014, 517, 36-53.

**Source:** <https://exaly.com/paper-pdf/58698380/citation-report.pdf>

**Version:** 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
