

# CITATION REPORT

List of articles citing

Use of myocardial strain imaging by echocardiography for the early detection of cardiotoxicity in patients during and after cancer chemotherapy: a systematic review

DOI: 10.1016/j.jacc.2014.01.073

Journal of the American College of Cardiology, 2014, 63, 2751-68.

**Version:** 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
