

# CITATION REPORT

List of articles citing

Estimation of the carbon pool in soil and above-ground biomass within mangrove forests in Southeast Mexico using allometric equations

DOI: 10.1007/s11676-014-0437-2

Journal of Forestry Research, 2014, 25, 129-134.

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
