

CITATION REPORT

List of articles citing

Silicon heterojunction solar cell with passivated hole selective MoOx contact

DOI: 10.1063/1.4868880

Applied Physics Letters, 2014, 104, 113902.

Source: <https://exaly.com/paper-pdf/58880802/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
