

# CITATION REPORT

List of articles citing

## Causes of waste across multi-tier supply networks: Cases in the UK food sector

DOI: 10.1016/j.ijpe.2014.03.012

International Journal of Production Economics, 2014,  
152, 144-158.

**Version:** 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
