Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
160	Thrombosis: a major contributor to global disease burden. 2014 , 112, 843-52		21
159	Duration of anticoagulation for venous thromboembolic events. 2014 , 130, 2343-8		2
158	New insights into treatment of venous thromboembolism. 2014 , 2014, 297-305		5
157	Thrombosis: a major contributor to global disease burden. 2014 , 134, 931-8		89
156	Treatment of acute pulmonary embolism: update on newer pharmacologic and interventional strategies. 2014 , 2014, 410341		8
155	Oral anticoagulants: new and improved. 2014 , 124, 1851-2		1
154	Thrombosis: a major contributor to the global disease burden. 2014 , 12, 1580-90		225
153	Global assays of hemostasis. 2014 , 21, 395-403		33
152	Pulmonary embolism. 2014 , 9, 14-20		0
151	Venous thromboembolism: Diagnosis, treatment and the prevention of long-term complications. 2014 , 2, 136-142		
150	Pulmonary Embolism. 2014 , 3, 479-493		
149	Thrombosis: a major contributor to global disease burden. 2014 , 34, 2363-71		377
148	Prevention and treatment of venous thromboembolism in patients with IBD: a trail still climbing. 2015 , 21, 1204-13		19
147	The design and implementation of a new surveillance system for venous thromboembolism using combined active and passive methods. 2015 , 170, 447-54.e18		10
146	Differential benefit risk assessment of DOACs in the treatment of venous thromboembolism: focus on dabigatran. 2015 , 9, 3557-69		
145	Depressive symptoms as a novel risk factor for recurrent venous thromboembolism: a longitudinal observational study in patients referred for thrombophilia investigation. 2015 , 10, e0125858		9
144	Rationale and design of three observational, prospective cohort studies including biobanking to evaluate and improve diagnostics, management strategies and risk stratification in venous thromboembolism: the VTEval Project. 2015 , 5, e008157		15

(2016-2015)
