

TRIM14 is a mitochondrial adaptor that facilitates retinal
receptor-mediated innate immune response

Proceedings of the National Academy of Sciences of the United States of America
111, E245-54

DOI: [10.1073/pnas.1316941111](https://doi.org/10.1073/pnas.1316941111)
