

CITATION REPORT

List of articles citing

Lattice light-sheet microscopy: imaging molecules to embryos at high spatiotemporal resolution

DOI: 10.1126/science.1257998
Science, 2014, 346, 1257998.

Source: <https://exaly.com/paper-pdf/59041348/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
