

CITATION REPORT

List of articles citing

Effect of postremission therapy before reduced-intensity conditioning allogeneic transplantation for acute myeloid leukemia in first complete remission

DOI: 10.1016/j.bbmt.2013.10.023

Biology of Blood and Marrow Transplantation, 2014, 20, 202-8.

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
