

CITATION REPORT

List of articles citing

2014 AHA/ACC guideline for the management of patients with valvular heart disease: executive summary: a report of the American College of Cardiology/American Heart Association Task Force on Practice Guidelines

DOI: 10.1016/j.jacc.2014.02.537

Journal of the American College of Cardiology, 2014, 63, 2438-88.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
