

CITATION REPORT

List of articles citing

Effects of large volume injection of aliphatic alcohols as sample diluents on the retention of low hydrophobic solutes in reversed-phase liquid chromatography

DOI: 10.1016/j.chroma.2013.11.014

Journal of Chromatography A, 2014, 1323, 115-22.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
