

# CITATION REPORT

List of articles citing

Quantification of mitral valve morphology with three-dimensional echocardiography--can measurement lead to better management?

DOI: 10.1253/circj.cj-14-0373  
Circulation Journal, 2014, 78, 1029-37.

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
