

CITATION REPORT

List of articles citing

DNA damage response at telomeres contributes to lung aging and chronic obstructive pulmonary disease

DOI: 10.1152/ajplung.00293.2015

American Journal of Physiology - Lung Cellular and Molecular Physiology, 2015, 309, L1124-37.

Source: <https://exaly.com/paper-pdf/60462483/citation-report.pdf>

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
