

CITATION REPORT

List of articles citing

Mechanical Dyssynchrony by Tissue Doppler Cross-Correlation is Associated with Risk for Complex Ventricular Arrhythmias after Cardiac Resynchronization Therapy

DOI: 10.1016/j.echo.2015.07.021

Journal of the American Society of Echocardiography, 2015, 28, 1474-81.

Source: <https://exaly.com/paper-pdf/61507279/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
