Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
188	Antibiotic Use in Children with Acute Respiratory or Ear Infections: Prospective Observational Comparison of Anthroposophic and Conventional Treatment under Routine Primary Care Conditions. 2014 , 2014, 243801		13
187	Paediatric prescribing: why children are not small adults. <i>British Journal of Clinical Pharmacology</i> , 2015 , 79, 351-3	3.8	18
