

CITATION REPORT

List of articles citing

Aurothiomalate inhibits the expression of mPGES-1 in primary human chondrocytes

DOI: 10.3109/03009742.2014.927917

Scandinavian Journal of Rheumatology, 2015, 44, 74-9.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
