List of articles citing

## Causes of in-hospital cardiac arrest - incidences and rate of recognition

DOI: 10.1016/j.resuscitation.2014.11.007  
Resuscitation, 2015, 87, 63-8.

**Source:** <https://exaly.com/paper-pdf/61962807/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
