Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
514	Dysregulated Blood Pressure: Can Regulating Emotions Help?. 2015 , 17, 92		24
513	Sex differences in NMDA GluN1 plasticity in rostral ventrolateral medulla neurons containing corticotropin-releasing factor type 1 receptor following slow-pressor angiotensin II hypertension. 2015 , 307, 83-97		20
512	Hypertension in a Low-income and Homeless Community Sample. 2016 , 06,		
511	A Brief Review on Epigenetic Aspects involved in Depression. 2016 , 8,		1
510	Comorbidity Factors and Brain Mechanisms Linking Chronic Stress and Systemic Illness. 2016 , 2016, 5460732		39
509	Depression and the Link with Cardiovascular Disease. 2016 , 7, 33		165
508	Lipids, lipoprotein distribution and depressive symptoms: the Multi-Ethnic Study of Atherosclerosis. 2016 , 6, e962		19
507	Somatic comorbidity among migrants with posttraumatic stress disorder and depression - a prospective cohort study. 2016 , 16, 447		12
506	Association between depressive symptoms, use of antidepressant medication and the metabolic syndrome: the Maine-Syracuse Study. 2016 , 16, 502		19
505	Alterations in the corticotropin-releasing hormone (CRH) neurocircuitry: Insights into post stroke functional impairments. 2016 , 42, 53-75		18
504	A Public Health Perspective on Mental and Medical Comorbidity. 2016 , 316, 1104-5		28
503	Involvement of endocannabinoid neurotransmission in the bed nucleus of stria terminalis in cardiovascular responses to acute restraint stress in rats. 2016 , 173, 2833-44		13
502	Anxiety and Cardiovascular Disease Risk: a Review. 2016 , 18, 120		64
501	Angiotensin II centrally induces frequent detrusor contractility of the bladder by acting on brain angiotensin II type 1 receptors in rats. 2016 , 6, 22213		6
500	Development of a Holistic Health Economic Evaluation Tool Leveraging Patient Self-Report. 2016 ,		2
499	Komplexe Traumatisierungen und körperliche Gesundheit. 2016 , 61, 191-196		6
498	Cardiovascular Effects of Androgen Deprivation Therapy for the Treatment of Prostate Cancer: ABCDE Steps to Reduce Cardiovascular Disease in Patients With Prostate Cancer. 2016 , 133, 537-41		72

497	Psychosocial Factors Are Associated With Blood Pressure Progression Among African Americans in the Jackson Heart Study. <i>American Journal of Hypertension</i> , 2016 , 29, 913-24	2.3	29
496	The role of oxidative and nitrosative stress in accelerated aging and major depressive disorder. 2016 , 65, 134-44		121
495	Pharmacological inhibition of FAAH activity in rodents: A promising pharmacological approach for psychological-cardiac comorbidity?. 2017 , 74, 444-452		12
494	An examination of the anxiolytic effects of exercise for people with anxiety and stress-related disorders: A meta-analysis. 2017 , 249, 102-108		252
493	Ideal cardiovascular health and psychosocial risk factors among Finnish female municipal workers. 2017 , 45, 50-56		16
492	Accumulation of Depressive Symptoms and Carotid Intima-Media Thickness: the Cardiovascular Risk in Young Finns Study. 2017 , 51, 620-628		3
491	Acute stress in residents during emergency care: a study of personal and situational factors. 2017 , 20, 241-248		11
490	Psychiatric Aspects of Heart Disease (and Cardiac Aspects of Psychiatric Disease) in Critical Care. 2017 , 33, 619-634		8
489	Behavioural responses of zebrafish larvae to acute ethosuximide exposure. 2017 , 28, 428-440		6
488	Optimal blood pressure control after coronary events: the challenge remains. 2017 , 11, 823-830		4
487	Positive psychological well-being and health in patients with heart disease: a brief review. 2017 , 13, 443-450		9
486	Preclinical and Clinical Evidence of DNA Methylation Changes in Response to Trauma and Chronic Stress. 2017 , 1,		37
485	Making the connection: the mental health needs of adolescents. 2017 , 29, 391-392		
484	Psychological Responses to Acute Aerobic, Resistance, or Combined Exercise in Healthy and Overweight Individuals: A Systematic Review. 2017 , 11, 1179546817701725		17
483	Verona Coding Definitions of Emotional Sequences (VR-CoDES): Conceptual framework and future directions. 2017 , 100, 2303-2311		34
482	Cross-Sectional and Longitudinal Associations of Chronic Posttraumatic Stress Disorder With Inflammatory and Endothelial Function Markers in Women. 2017 , 82, 875-884		35
481	Depression and cardiovascular disease: Epidemiological evidence on their linking mechanisms. 2017 , 74, 277-286		217
