

CITATION REPORT

List of articles citing

Oral precursor lesions and malignant transformation--who, where, what, and when?

DOI: 10.1016/j.bjoms.2015.08.268

British Journal of Oral and Maxillofacial Surgery, 2015, 53, 831-5.

Source: <https://exaly.com/paper-pdf/62410647/citation-report.pdf>

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
58	Screening for Cancer in Persons Living with HIV Infection. <i>Trends in Cancer</i> , 2016 , 2, 416-428	12.5	19
57	Oral lichenoid lesions: a significant diagnosis in oral potentially malignant disorder management?. <i>International Journal of Oral and Maxillofacial Surgery</i> , 2017 , 46, 305	2.9	3
56	High percentage of oral lichen planus and lichenoid lesion in oral squamous cell carcinomas. <i>Acta Odontologica Scandinavica</i> , 2017 , 75, 442-445	2.2	9
55	Profiling cancer risk in oral potentially malignant disorders-A patient cohort study. <i>Journal of Oral Pathology and Medicine</i> , 2017 , 46, 888-895	3.3	25
54	Potentially malignant disorders-The case for intervention. <i>Journal of Oral Pathology and Medicine</i> , 2017 , 46, 883-887	3.3	16
53	Treatment resistance in potentially malignant disorders-'Nature' or 'Nurture'? <i>Journal of Oral Pathology and Medicine</i> , 2017 , 46, 902-910	3.3	5
52	An oral lesion as the primary manifestation of sarcoidosis: a case report. <i>International Journal of Oral and Maxillofacial Surgery</i> , 2017 , 46, 304-305	2.9	0
51	Interventional laser surgery for oral potentially malignant disorders: a longitudinal patient cohort study. <i>International Journal of Oral and Maxillofacial Surgery</i> , 2017 , 46, 337-342	2.9	30
50	Importance of Early Detection of Potentially Malignant Lesions in the Prevention of Oral Cancer. <i>Materia Socio-medica</i> , 2017 , 29, 129-133	0.9	8
49	Oral epithelial dysplasia, atypical verrucous lesions and oral potentially malignant disorders: focus on histopathology. <i>Oral Surgery, Oral Medicine, Oral Pathology and Oral Radiology</i> , 2018 , 125, 591-602	2	55
48	Potentially malignant disorders revisited-The lichenoid lesion/proliferative verrucous leukoplakia conundrum. <i>Journal of Oral Pathology and Medicine</i> , 2018 , 47, 557-565	3.3	23
47	Proliferative leukoplakia: Proposed new clinical diagnostic criteria. <i>Oral Diseases</i> , 2018 , 24, 749-760	3.5	37
46	Management update of potentially premalignant oral epithelial lesions. <i>Oral Surgery, Oral Medicine, Oral Pathology and Oral Radiology</i> , 2018 , 125, 628-636	2	68
45	Role of p53 and Ki-67 immunomarkers in oral premalignant lesions and squamous cell carcinoma: a hospital based study in BPKIHS. <i>Journal of Pathology of Nepal</i> , 2018 , 8, 1330-1336	0.3	1
44	Predicting malignant progression in clinically high-risk lesions by DNA ploidy analysis and dysplasia grading. <i>Scientific Reports</i> , 2018 , 8, 15874	4.9	14
43	Recent Changes of Classification for Squamous Intraepithelial Lesions of the Head and Neck. <i>Archives of Pathology and Laboratory Medicine</i> , 2018 , 142, 829-832	5	24
42	AAOM clinical practice statement subject: leukoplakia. <i>Oral Surgery, Oral Medicine, Oral Pathology and Oral Radiology</i> , 2018 , 126, 331-334	2	3
