

# CITATION REPORT

List of articles citing

Association of body mass index with mortality and cardiovascular events for patients with coronary artery disease: a systematic review and meta-analysis

DOI: 10.1136/heartjnl-2014-307119  
Heart, 2015, 101, 1631-8.

**Source:** <https://exaly.com/paper-pdf/62519205/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
