Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
282	Rationale and design of FORTH: a randomised controlled trial assessing the effectiveness of HIV self-testing in increasing HIV testing frequency among gay and bisexual men. <i>BMC Infectious Diseases</i> , 2015 , 15, 561	4	9
281	Systematic review and meta-analysis of community and facility-based HIV testing to address linkage to care gaps in sub-Saharan Africa. 2015 , 528, S77-85		325
280	Promoting Partner Testing and Couples Testing through Secondary Distribution of HIV Self-Tests: A Randomized Clinical Trial. 2016 , 13, e1002166		155
279	Supervised oral HIV self-testing is accurate in rural KwaZulu-Natal, South Africa. 2016 , 21, 759-67		22
278	HIV testing history and preferences for future tests among gay men, bisexual men and other MSM in England: results from a cross-sectional study. <i>BMJ Open</i> , 2016 , 6, e011372	3	43
277	HIV self-testing to scale up couples and partner testing. 2016 , 3, e243-4		9
276	Will Men Who Have Sex With Men Use Short-Messaging Services to Send Photos of Completed HIV Self-Tests to Researchers?. <i>Journal of the Association of Nurses in AIDS Care</i> , 2016 , 27, 722-6	1.6	4
275	HIV Self-Testing: a Review of Current Implementation and Fidelity. 2016 , 13, 107-15		65
274	Promoting male partner HIV testing and safer sexual decision making through secondary distribution of self-tests by HIV-negative female sex workers and women receiving antenatal and post-partum care in Kenya: a cohort study. 2016 , 3, e266-74		169
273	Feasibility of supervised self-testing using an oral fluid-based HIV rapid testing method: a cross-sectional, mixed method study among pregnant women in rural India. 2016 , 19, 20993		27
272	Knowledge and use of unauthorized HIV self-test kits among men who have sex with men in Spain, following approval of an over-the-counter self-test in the U.S: a cross-sectional study. <i>BMC Public Health</i> , 2016 , 16, 532	4.1	11
271	The effects of HIV self-testing on the uptake of HIV testing and linkage to antiretroviral treatment among adults in Africa: a systematic review protocol. 2016 , 5, 52		10
270	Correlates of recent HIV testing among substance-using men who have sex with men. 2017 , 28, 594-601		3
269	Effect of availability of HIV self-testing on HIV testing frequency in gay and bisexual men at high risk of infection (FORTH): a waiting-list randomised controlled trial. 2017 , 4, e241-e250		89
268	Preferences for oral fluid rapid HIV self-testing among social media-using young black, Hispanic, and white men-who-have-sex-with-men (YMSM): implications for future interventions. 2017 , 145, 7-19		23
267	Experiences of patients with HIV/AIDS receiving mid- and long-term care in Japan: A qualitative study. 2017 , 4, 99-104		2
266	New HIV testing technologies in the context of a concentrated epidemic and evolving HIV prevention: qualitative research on HIV self-testing among men who have sex with men and transgender women in Yangon, Myanmar. 2017 , 20, 21796		30

265	Usage of purchased self-tests for HIV and sexually transmitted infections in Amsterdam, the Netherlands: results of population-based and serial cross-sectional studies among the general population and sexual risk groups. <i>BMJ Open</i> , 2017 , 7, e016609	3	13
264	Using technology to support HIV self-testing among MSM. 2017 , 12, 425-431		29
263	'... if you bring the kit home, you [can] get time and test together with your partner': Pregnant women and male partners' perceptions regarding female partner-delivered HIV self-testing in Uganda - A qualitative study. 2017 , 28, 1341-1347		19
262	Zambian Peer Educators for HIV Self-Testing (ZEST) study: rationale and design of a cluster randomised trial of HIV self-testing among female sex workers in Zambia. <i>BMJ Open</i> , 2017 , 7, e014780	3	17
261	'I will choose when to test, where I want to test': investigating young people's preferences for HIV self-testing in Malawi and Zimbabwe. 2017 , 31 Suppl 3, S203-S212		86
260	Risk, reassurance and routine: a qualitative study of narrative understandings of the potential for HIV self-testing among men who have sex with men in England. <i>BMC Public Health</i> , 2017 , 17, 491	4.1	21
259	Acceptability of healthcare interventions: an overview of reviews and development of a theoretical framework. <i>BMC Health Services Research</i> , 2017 , 17, 88	2.9	782
258	Consolidating emerging evidence surrounding HIVST and HIVSS: a rapid systematic mapping protocol. 2017 , 6, 72		8
257	Behavioral and Psychosocial Correlates of HIV Testing Among Male Clients of Female Sex Workers in Tijuana, Mexico. <i>AIDS and Behavior</i> , 2017 , 21, 2322-2331	4.3	6
256	Fingerprick Versus Oral Swab: Acceptability of Blood-Based Testing Increases If Other STIs Can Be Detected. <i>AIDS and Behavior</i> , 2017 , 21, 501-504	4.3	18
255	Examining the effects of HIV self-testing compared to standard HIV testing services: a systematic review and meta-analysis. 2017 , 20, 21594		187
254	High acceptability of rapid HIV self-testing among a diverse sample of MSM from Buenos Aires, Argentina. <i>PLoS ONE</i> , 2017 , 12, e0180361	3.7	12
253	Community-based strategies to strengthen men's engagement in the HIV care cascade in sub-Saharan Africa. 2017 , 14, e1002262		105
252	Can self-testing increase HIV testing among men who have sex with men: A systematic review and meta-analysis. <i>PLoS ONE</i> , 2017 , 12, e0188890	3.7	41
251	"I think it is right": a qualitative exploration of the acceptability and desired future use of oral swab and finger-prick HIV self-tests by lay users in KwaZulu-Natal, South Africa. 2017 , 10, 486		26
250	Acceptability of woman-delivered HIV self-testing to the male partner, and additional interventions: a qualitative study of antenatal care participants in Malawi. 2017 , 20, 21610		62
249	Perceived Cost Advantages and Disadvantages of Purchasing HIV Self-Testing Kits among Urban Tanzanian Men: An Inductive Content Analysis. 2017 , 8,		20
248	Stigma, access to healthcare, and HIV risks among men who sell sex to men in Nigeria. 2017 , 20, 21489		39
