**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
488	Prognostic factors for tumor recurrence in patients with clinical stage I seminoma undergoing surveillance--protocol for a systematic review. <b>2015</b> , 4, 182		5
487	Experiences and outcomes of organ-sparing surgery for testicular tumour with benign tendency. <b>2015</b> , 9, E785-8		7
