

CITATION REPORT

List of articles citing

Dysbiosis of Gut Microbiota With Reduced Trimethylamine-N-Oxide Level in Patients With Large-Artery Atherosclerotic Stroke or Transient Ischemic Attack

DOI: 10.1161/jaha.115.002699

Journal of the American Heart Association, 2015, 4, .

Source: <https://exaly.com/paper-pdf/62749671/citation-report.pdf>

Version: 2024-04-17

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
