

# CITATION REPORT

List of articles citing

Rabbit models for the study of human atherosclerosis:  
from pathophysiological mechanisms to translational medicine

DOI: 10.1016/j.pharmthera.2014.09.009

Pharmacology & Therapeutics, 2015, 146, 104-19.

**Source:** <https://exaly.com/paper-pdf/62773992/citation-report.pdf>

**Version:** 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
