Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

| # | Paper | IF | Citations |
|-----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|-----------|
| 221 | Which matters most? Demographic, neuropsychological, personality, and situational factors in long-term marijuana and alcohol trajectories for justice-involved male youth. 2015 , 29, 603-12 | | 16 |
| 220 | Marijuana and tobacco use and co-use among African Americans: results from the 2013, National Survey on Drug Use and Health. 2015 , 51, 18-23 | | 32 |
| 219 | The impact of initiation: Early onset marijuana smokers demonstrate altered Stroop performance and brain activation. 2015 , 16, 84-92 | | 49 |
| 218 | Cannabis: the never-ending, nefarious nepenthe of the 21st century: what should the clinician know?. 2015 , 61, 118-75 | | 10 |
| 217 | Maternal age and trajectories of cannabis use. 2015 , 156, 199-206 | | 11 |
| 216 | Impact of Substance Use Disorder on Presentation of Schizophrenia. 2016 , 01, | | 3 |
| 215 | Effects of Marijuana Use on Brain Structure and Function: Neuroimaging Findings from a Neurodevelopmental Perspective. 2016 , 129, 33-65 | | 18 |
| 214 | Effects of Cannabinoid Exposure during Adolescence on the Conditioned Rewarding Effects of WIN 55212-2 and Cocaine in Mice: Influence of the Novelty-Seeking Trait. 2016 , 2016, 6481862 | | 12 |
