CITATION REPORT List of articles citing

Identifying the potential for resource and embodied energy savings within the UK building sector

DOI: 10.1016/j.enbuild.2014.10.044 Energy and Buildings, 2015, 86, 841-851.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
