

CITATION REPORT

List of articles citing

Intestinal Short Chain Fatty Acids and their Link with Diet and Human Health

DOI: 10.3389/fmicb.2016.00185
Frontiers in Microbiology, 2016, 7, 185.

Source: <https://exaly.com/paper-pdf/63228397/citation-report.pdf>

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1220	Dietary grape seed proanthocyanidins (GSPs) improve weaned intestinal microbiota and mucosal barrier using a piglet model. 2016 , 7, 80313-80326		76
1219	Gut Microbiota and Metabolic Health: The Potential Beneficial Effects of a Medium Chain Triglyceride Diet in Obese Individuals. 2016 , 8,		68
1218	Nutritional and Nanotechnological Modulators of Microglia. 2016 , 7, 270		3
1217	Role of Vitamin D in the Hygiene Hypothesis: The Interplay between Vitamin D, Vitamin D Receptors, Gut Microbiota, and Immune Response. 2016 , 7, 627		75
1216	Distant Site Effects of Ingested Prebiotics. 2016 , 8,		54
1215	[Microbiota-intestinal stem cells dialog: a key element for intestinal regeneration]. 2016 , 32, 983-990		8
1214	Polysaccharide Degradation by the Intestinal Microbiota and Its Influence on Human Health and Disease. 2016 , 428, 3230-3252		251
1213	Microbiome-wide association studies link dynamic microbial consortia to disease. 2016 , 535, 94-103		443
1212	Lifestyle and geographic insights into the distinct gut microbiota in elderly women from two different geographic locations. 2016 , 35, 31		33
1211	Gut microbiota and glucometabolic alterations in response to recurrent partial sleep deprivation in normal-weight young individuals. 2016 , 5, 1175-1186		119
1210	Branched short-chain fatty acids modulate glucose and lipid metabolism in primary adipocytes. 2016 , 5, 359-368		89
1209	Consumption of seaweeds and the human brain. 2017 , 29, 2377-2398		45
1208	The effects of dietary kefir and low molecular weight sodium alginate on serum immune parameters, resistance against <i>Streptococcus agalactiae</i> and growth performance in Nile tilapia (<i>Oreochromis niloticus</i>). 2017 , 62, 139-146		37
1207	Targeting the Microbiota-Gut-Brain Axis: Prebiotics Have Anxiolytic and Antidepressant-like Effects and Reverse the Impact of Chronic Stress in Mice. 2017 , 82, 472-487		426
1206	Moderate dietary protein restriction alters the composition of gut microbiota and improves ileal barrier function in adult pig model. 2017 , 7, 43412		171
1205	Chickpea-supplemented diet alters the gut microbiome and enhances gut barrier integrity in C57Bl/6 male mice. 2017 , 38, 663-674		33
