

# CITATION REPORT

List of articles citing

The standardization of terminology of lower urinary tract function in children and adolescents: Update report from the standardization committee of the International Childrens Continençe Society

DOI: 10.1002/nau.22751

Neurourology and Urodynamics, 2016, 35, 471-81.

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
