List of articles citing

Mechanistic study of the anti-cancer effect of
Gynostemma pentaphyllum saponins in the
Apc(Min/+) mouse model

DOI: 10.1002/pmic.201500293
Proteomics, 2016, 16, 1557-69.

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
