

CITATION REPORT

List of articles citing

Design and application of an immersive virtual reality system to enhance emotional skills for children with autism spectrum disorders

DOI: 10.1016/j.compedu.2016.03.018
Computers and Education, 2016, 98, 192-205.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
