

# CITATION REPORT

List of articles citing

Environmental implications of the use of agro-industrial residues for biorefineries: application of a deterministic model for indirect land-use changes

DOI: 10.1111/gcbb.12290  
GCB Bioenergy, 2016, 8, 690-706.

**Source:** <https://exaly.com/paper-pdf/64053616/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
